SUPPORTING BACKGROUND ON NEXT PAGE

Mayor and City Council Agenda Item Request

Supporting Background Information:

Staff, in developing the comment letter on the Midcounty Corridor Study (MCS) dated July 17, 2013 , conveyed the position expressed by Council during the May 13, 2013 work session regarding the MCS on the various “build” alternatives; namely that Alternative 9 was the least objectionable. While Alternative 2 was not discussed in depth during that work session, upon thorough review of the MCS , staff expressed that the City could support (prefer) Alternative 2 as the preferred option. Staff has been asked to provide a comparison of Alternatives 2 and 9 in order to clarify the positions expressed in the City’s comment letter.
